From the President, Municipal Commission, C & M Station
No.1640/29, d/29-10-29

1

It is clear from the p.u.c. that the proposal has received wide publicity and that the objections received by the P.M. C. have been duly considered.

2

It is also stated that no objections or suggestions were received with reference to the new clause as amended at the meeting of the Commission held on 30-8-29.

3

The new clause appears to be in order. There seems to be no objection to the Resident's sanction being accorded to Draft submitted.

Dear Sir

I have been approached by a number of the residents of the Station & have been requested to have the by-law under reference modified so as to read as follows

Add after the word prambulation "invalid Chairs" Cycles would however be permitted to be trundled within parks. Many of the people come from a distance on Cycles to attend the band or for recreation, it would not be safe for them to leave their Cycles outside the parks unprotected

Yours faithfully

Sir.

With reference to your Notice No 2087/29 dated the 2nd July/29. which appeared in the Daily Post of the 10 July/29. I think it is very desirable that the words "or drive or ride any" should be omitted as we have several members, who belong to the Cobs Park Tennis Club, come here cycling, & it would not be safe to keep their cycle outside the park they might be allowed to wheel their cycle.

I therefore propose the following Amendment which should read as follows.

"No one shall drive or ride any animal, machine "or vehicle on any foot path or ~~thoroughfare~~ through "any part of a park intended and reserved for "pedestrians, except infants perambulators and "invalid chairs".

Yours faithfully
Thos Lawlor

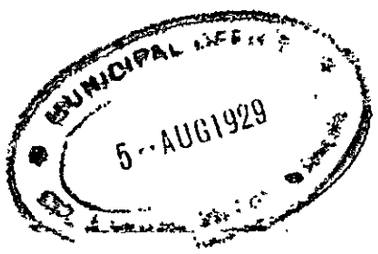
No. 2087/29 dated 4th July 1929.



Objections.

Since objections and suggestions are invited in the notice above quoted to reach the President, Municipal Commission, on or before 5th August 1929, we, the undersigned, make the following objections :-

1. The restriction upon bicycles is unwarrantable, it being the practice of years to wheel ~~or propel~~ them through public parks as a public convenience.

2. Since bicycles represent a means of transport to the bulk of the population, they will continue to be used despite the restriction, and as cycles cannot be separated from their owners or users, it imposes upon the Municipality the duty of proper and due care of such vehicles when forcibly put out of possession of their owners or users, and since such precautions for safety must be advertised and be acceptable to the persons concerned, So stringent and unnecessary a restriction should be fully discussed and the feeling of the public in the matter first ascertained before any attempt is made to give it the force of the Municipal Law.

3. We depreciate strongly this attempt to coerce the public in this matter and object in toto to the propose restriction as unnecessary.

SIR,

With a view to prohibit the use of motor horns on vehicles other than motor vehicles, the sounding of which on such vehicles confuses pedestrians and motor drivers, the Municipal Commission, on the suggestion of the Commissioner of Police (vide copy of Commissioner of Police's letter No.1215/G, dated the 12th September 1929 enclosed) at their special meeting held on the 25th October 1929 approved of the addition of the following new clause to Bye-law No.20, Chapter III - Regulation of traffic in streets - vide copy of Municipal Commission's resolution No.2 dated the 25th October / 20th December / 1929 enclosed:-

"No person shall sound a motor horn on any vehicle other than a motor vehicle."

The proposed addition was published for objections, (vide copy of this office Notice No.3449/29 dated the 29th October 1929 enclosed) and no objections having been received, the matter was again placed before the Municipal Commission at their special meeting held on the 20th December 1929, when it was resolved that their resolution of the 25th October 1929 be re-affirmed and be submitted to the Hon'ble the Resident for confirmation - vide copy of resolution No.1 dated the 20th December 1929 enclosed. I request that the Hon'ble the Resident may be pleased to confirm the Commission's resolution of the 25th October 1929 accordingly

I have the honour to bring to your notice that of late the number of private jutkas, carriages and cycles fitted with motor horns is increasing.

As the sounding of horns on these vehicles confuses pedestrians and motor drivers, I suggest that a bye-law be framed prohibiting the use of motor horns on vehicles other than motor cars. The bye-law should be made cognizable by the Police.
